 Giovanni Calzolari

EDUCATION

Aerospace Engineering Master - Aeronautics Track
KTH - Royal Institute of Technology

 27 Aug 2018 - Jul 2020  Stockholm, Sweden

Aerospace Engineering Bachelor
Politecnico di Milano

 Sep 2015 - 23 Jul 2018  Milan, Italy

- Degree: 106/110

Scientific High School
Liceo Scientifico Alessandro Tassoni

 Sep 2010 - Jul 2015  Modena, Italy

- Diploma: 94/100

EXPERIENCE

Master Thesis - CFD study and method development for air intake systems using OpenFOAM

AFRY - Scania AB

 Jan 2020 - Jul 2020  Stockholm, Sweden

KTH Formula Student Team - Aerodynamics Dep.
KTH - Royal Institute of Technology

 Sep 2019 - Feb 2020  Stockholm, Sweden

Ice Cream Server
Ottavo Senso Gelateria

 Jun 2019 - Aug 2019  Milan, Italy

Dynamis PRC Formula Student Team - Chassis Dep.
Politecnico di Milano

 Sep 2016 - Jun 2017  Milan, Italy

ABOUT MYSELF

Thanks to the education I received, I know how to interact in a multicultural environment, to face more and more difficult tasks working in a team or alone.

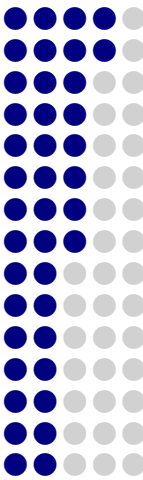

I am used to deal with people and I developed good explanatory capacities as I used to give **Maths and Physics private lessons** to high school students.

I am also very active, I **play Volleyball in a team** and I help coaching; I know how to be a team player.

Finally I also like to **develop scripts** from time to time, whenever I come up with an idea of something fun or useful for my everyday life.

SOFTWARE SKILLS

OpenFOAM
Latex
Python
Matlab
StarCCM+
Emacs
Office
Linux Environment
Bash Scripting
Ansys - Fluent
Siemens NX - CAD
Solid Works - CAD
Inventor - CAD
Solid Edge - CAD
Ansa Preprocessor

LANGUAGES

Italian
English
Swedish

Swedish Language Course
ABF Stockholm - SFI

 22 Jan 2019 - April 2020
